# AIHA Laboratory Quality Assurance Programs SCOPE OF ACCREDITATION

EMSL Analytical, Inc. 2444 West George Street, Chicago, IL 60618

The laboratory is approved for those specific field(s) of testing/methods listed in the table below. Clients are urged to verify the laboratory's current accreditation status for the particular field(s) of testing/Methods, since these can change due to proficiency status, suspension and/or revocation. A complete listing of currently accredited Industrial Hygiene laboratories is available on the AIHA website at: http://www.aiha.org/Content/LOAP/accred/AccreditedLabs.htm

The EPA recognizes the AIHA ELLAP program as meeting the requirements of the National Lead Laboratory Accreditation Program (NLLAP) established under Title X of the Residential Lead-Based Paint Hazard Reduction Act of 1992 and includes paint, soil and dust wipe analysis. Air analysis is not included as part of the NLLAP.

#### **Environmental Lead Laboratory Accreditation Program (ELLAP)**

### Appendix E: Environmental Abatement Cost Estimates

#### **COST ESTIMATES**

Cost estimates based upon the quantities provided have been developed for this report. The cost estimates were developed based upon the following assumptions:

- All abatement work will occur concurrently (only one mobilization/demobilization).
- All interior asbestos containing materials will be abated using gross removal methods under full containment.
- All exterior asbestos containing materials will be abated using non-friable removal methods.
- All lead based paint on metal and masonry will be abated.
- Lead based paint on wood components has not been included in abatement cost estimate. LBP abatement costs have only been developed for components scheduled for recycling.
- All costs are based upon unit prices obtained from abatement contractors who are familiar with the rules and regulations pertaining to abatement of ACM and LBP in the State of Illinois.
- All unit prices are based upon those used in the industry at the time of this report, following the regulations in place at the time of this report.
